

RMSS Grad Legacy Scholarship

(\$1000)

This scholarship was established by the 2023 Graduation class; as our legacy item, we wanted to create something that has a lasting impact for students heading off to start their post-secondary lives – whatever that may be – while also having the ability to be carried out for many graduation classes to come. The purpose of this scholarship is to be awarded to someone who will be furthering their education past highschool in any shape or form, ensuring that anyone can apply and feels open to do so. This includes – but is not limited to – post-secondary education, trades, apprenticeships, etc.

Not only is our scholarship different in terms of how it was founded, but it is also different in the application process. Due to this scholarship being open to everyone, that means we will have to go through many more applications. As such, instead of having you spend copious amounts of time applying, we have selected a few very insightful questions that will allow us to review you as a person, in addition to a student, in regard to receiving this scholarship.

Please be honest in your responses and refrain from using AI on this application! If we have any speculations or concerns, we will run it through an AI Checker at our own discretion.

Sincerely,

The Scholarship Committee
