

Conner Lukan Memorial Scholarship

“Tighten Your Skates”

The Conner Lukan Memorial Scholarship will be awarded to an applicant who is pursuing a career in a two year or more program that helps heal the body in the medical field. This could be an Athletic Therapist, Physiotherapist, Dentist, Pharmacist or a student pursuing sciences with an end goal in the medical/healing practice field. Conner was very conscious about this training and his physique so we feel that this will honor him.

Every summer he would come home to Slave Lake and train for hours after putting in a full day at work. If you wanted to find him, he was either at the gym, running miles down our dirt road beside the lake or biking all over

Widewater. In his last season, he felt the best he ever did. He was faster, stronger and ready to play.

The criteria for this scholarship includes:

1. Acceptance into the College or University of their choice.
2. The applicant is a community minded citizen and has volunteered in their community for various events.
3. This applicant is a Grade 12 High School student who attends Roland Michener Secondary School.
4. This applicant possibly played hockey (not a requirement but a bonus) and is highly dedicated to their team, community, and shows leadership skills.

Applicants must provide a short essay or letter stating how they meet the scholarship criteria.
