

FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

Background

HPSD recognizes that the *Freedom of Information and Privacy Act*, which was passed by the province of Alberta on October 1, 1995, was extended to apply to school boards on September 1, 1998. The legislation aims to strike a balance between the public's right to know and the individual's right to privacy, as those rights relate to information held by public bodies in Alberta.

HPSD will manage information in a manner that supports the Board's commitment to providing the public with access, with only a limited number of specific exceptions, while protecting the personal privacy of the individual in accordance with provincial legislation.
