

## PIPE CEREMONY AND TRADITIONAL FEAST CONSENT

### Activity Information

**Activity Name:** Pipe Ceremony and Traditional Feast

**Date:**

**Location:**

**Time:** Students will be bused from the school at \_\_\_\_\_ and return to the school by \_\_\_\_\_.

### Background

We are grateful to have our students and staff be invited by Elders and Knowledge Keepers to learn about and participate in a traditional Pipe Ceremony and Traditional Feast.

A Pipe Ceremony is and has been used by several Indigenous Cultures in their sacred ceremonies for thousands of years. Traditionally, they are used to open a ceremony, make a ceremonial commitment, or to seal a covenant or Treaty. In this case it will be used to open a Traditional Feast Ceremony.

The Traditional Feast will consist of the preparation of the following foods: Moose Nose Soup, Moose Ribs, Moose Heart and Moose Tongue. The students will work with the local Elders and Knowledge Keeper and learn the cultural practices in preparing and serving the food. Men's and Women's roles will also be taught by the Elders at this time. Because this is a spiritual ceremony, *participation is voluntary and requires parental permission*.

Knowledge Keepers will come to the school to provide the required pre-teaching. Only those students participating in the Pipe Ceremony and Traditional Feast will receive the teachings, including information about protocols in preparation for participating in the pipe ceremony.

### Risks

#### RISKS

Slips, trips, and falls  
Bus accident  
Weather - cold/hot  
Allergic reaction

#### CONTROLS

Proper footwear/no running  
Professional driver, route planning  
Appropriate clothing: toque, mittens, ski pants/sunscreen and hat
